I am assuming since I didn't hear back from you that you are covering this and I don't need to be on the 3:00 call??

Yes, I think that would be helpful for us, as we have taken initial look at the materials, but would like to decide with you on just what we are to provide.
2 or 3 would work for me...

Tala and Jennifer,

Looping you in on this request.

Shall we try to have a quick call later today to make sure the EPA folks (ORD, OW and OCSPP) are all on the same page before we respond to NIEHS?
